Dear Mr. Kettlewell:

On behalf of the members and staff of the CIA Executive Development Course, I would like to thank you for your presentation "Congress and the CIA" on 14 February. The CIA's relation with Congress is a fascinating subject and the class was interested and informed. They especially appreciated your candor and your insights into the political process.

We appreciate the time and effort you expended on behalf of the Course. Again, thank you so much.

Sincerely,

/s/
